To Whom It May Concern:

If you are looking for a minister who can connect with the current world view and apply vital Biblical Truths, you will want to invite Rev. Jeff Little to your church or conference. Jeff has made an impact every place he worked. I am impressed by his passion, humility and love for reaching out to worldly people as well and equipping believers with Biblical life skills.

As State Director of Teen Challenge we look for people who can pour life into our students. We found that in Jeff, in fact we would drive each Wednesday fourty five minitues one way to allow Jeff's ministry to strengthen our students.
